## **Covid-19 Policy Statement**

In preparing for each dance class or function the organisers will assume that attendees will be fully vaccinated, in accordance with current guidelines appropriate to their age and medical status. Anyone who is not fully vaccinated will be expected to confirm they have had a negative lateral flow test result within the previous 24 hours. It is not proposed that we inspect supporting documentation relating to vaccination status or lateral flow test results; these will be taken on trust, but attendees will be asked to confirm on an arrival sheet, along with name and contact details, that they are complying with the above policy and hence that any lateral flow tests, if appropriate, have returned a negative result. It is expected that attendees will not come to the class or function if they are experiencing symptoms of Covid-19 or have been in recent contact with a confirmed case.
